Organizations no longer need to share a login account, each organization can have multiple login accounts for individuals needing to create a Blackbaud account; however, please communicate with your internal staff to determine who is the primary applicant on the application. Once the primary contact is designated, this individual can Add Applicants to the application, and then those added applicants can create a unique Blackbaud login using the same email address that was included by the primary applicant in the Manage Applicants menu. The steps on adding applicants to an application are covered in the General Application Sections training resources, including in this document below. 2 Once account created, and logged in proceed to apply to the application(s) your organization is eligible and interested in applying to. Each grant type will have its own application link found on the NCA Engage Application Page.
