ABSTRACT

Applicants must provide a project abstract, which should include the following information (400 word max):

- Purpose of the proposed project
- Project activities to be performed
- Expected outcomes, deliverables, or milestones of the proposed project
- Service Area
- Intended beneficiary(ies) of the proposed project

Abstract*

Example Proposal Abstract Template: The [insert Entity name] proposes to implement the [insert project name]. The purpose is to _____ in the [insert service area]. Project activities include _____. Expected outcomes include: _____. _____ are the intended beneficiaries of the project.

Description of Issue/Needs Statement

Applicants should briefly describe the nature and scope of the problem that the program will address (i.e., lack of a coordinated response investigating military cases of child abuse and neglect). Applicants should also describe the effects on the target population and the larger community, any previous or current attempts to address the problem, including progress made through prior projects. *

Example Needs Statement Template: Here's the military-related coordination gap/problem in our service area → here's data showing it exists and how big it is → here's who is affected (military-connected children/families) and the specific effects on coordination/services → here's what the CAC/MDT is doing now (baseline), what we've tried, and what progress we've made → here's what our military partnerships actually look like today (not just that they exist).

Project Design & Implementation

Applicants must include only data that is directly tied to activities funded under this RFP and supported by the proposed scope of work and budget.

Do NOT include data in chosen objectives, outcomes, or performance measures that reflect non-grant funded activities, prior funding, or other funding sources.

Alignment to focus/service area(s) is explicit: each selected objective/activity clearly matches the applicant's stated focus/service area(s). Objectives are aligned with scope of work and budget (relevant/achievable).

Outcomes are measurable and directly tied to each objective

- Qualitative (narrative) outcomes include enough concise detail to assess implementation (steps + responsible parties/partners + timeline milestones).

Military Focus Area*

- Establish Military Partnerships
- Expand Military Partnerships

Protocols & Guidelines

Establish written protocols/guidelines for a coordinated CAC/MDT response specific to military-affiliated children and families.

Describe the development of written protocols/guidelines, policies and procedures. Protocols could include establishing an intake mechanism to identify military families, developing MDT & Service Providers roles/scope of expertise; information sharing; military-affiliated investigation processes, case management, and review; support services referral process, etc.

Describe how you will develop or strengthen partnerships with key military installation personnel, including providing coordinated CAC services to military-affiliated children and families.

Identify and develop best practice processes and resources to be made available to other CACs to enhance services to military families.

Describe the implementation process that leads to enhancing services for military families, and best practice resources that will be developed and made available to other CACs developing their military-affiliated core service delivery.

Expand existing partnerships to strengthen a coordinated and comprehensive military CAC-response to child abuse for military families.

Describe the development of practices and systems to ensure continuity of partnerships through turnover.

Describe the efforts that will be made to expand and strengthen military installation partnerships for long-term sustainability and describe how success will be measured.

Other Military Protocol Objective

Other Military Protocol Objective

Option to enter an objective not listed. Objective must directly state the activity that will be funded and the resulting outcome.

Service Delivery

To implement more efficient delivery methods to increase service delivery/capacity for military-affiliated children and families.

Describe the service delivery improvement to be implemented and the process and timeline for implementation.

Describe how the service delivery improvement will increase and/or improve services.

To implement or expand technology and systems to track and improve case management, case review, and/or MDT participation and decision-making regarding military-affiliated children and families.

Describe the anticipated technology and systems that will be implemented or improved, their timelines, and how these will impact military-affiliated case management, case review, and/or MDT participation and decision-making.
