

## NCJTC Course Tuition/Pricing Structure

The National Criminal Justice Training Center has a long history of successfully working with Child Advocacy Centers (CACs) and the multidisciplinary teams that support child sex trafficking (CST) investigations. We have developed a wide variety of training in the area of child abuse and exploitation, including CST, under grants through the Office of Juvenile Justice and Delinquency Prevention (OJJDP). We also receive requests from agencies to host training for an audience defined by the requesting agency. These training events are carried out on a cost-recovery basis, meaning that we do not make a profit, but need to recover our costs. Those costs may vary depending upon many factors, including but not limited to the number of instructors needed, number of days the training will occur, virtual versus in-person environment, etc. Requesting agencies will need to work with our highly capable staff members to assess each situation on an individual basis to develop a cost estimate to meet the unique needs of your local or regional CAC or State Chapter.

Please contact us at (855) 866-2582 or via email at [info@ncjtc.org](mailto:info@ncjtc.org) and we look forward to the opportunity to work with you.
